## Message from Mrs. Frierson

Centennial is *STOMPING* out cancer!

We will be hosting a hat day and PJ day to raise money for the families of Israel and Katie. These are two CAA students that are battling cancer at this time. Please consider showing your support by participating. Any donation is accepted.

**Wednesday, February 20, 2019 Hat Day**

**Thursday, February 21, 2019 PJ Day**

**Friday, February 22, 2019 Katie and Israel Spirit Day!**

Please join us in celebrating our two brave warriors as they continue their battle with cancer by wearing red, yellow or the "Together We Stomp out Cancer" shirt.

Please take a minute to complete the parent survey listed below. This is information that is used to determine part of our school rating that is published by the state department of education. We appreciate your support of Centennial!

## Message From The Nurse

In an effort to ensure that we have the healthiest environment possible, We are asking that you please not send your student(s) to school if they are sick with fever, vomiting, diarrhea, and/or flu like symptoms. Students should not return to school for 24 hours after the fever and/or symptoms stop. Please do not medicate your sick child and send them to school. Even if a fever reducing medication brings their fever down, they are still contagious to others. Please know students coming back after being sick will be able to complete all school work, projects and tests missed as a result of illness. It is important that we follow these guidelines to maximize a healthy environment for all. Thank you!
