**STUDENT CODE OF CONDUCT
GAINESVILLE CITY SCHOOL SYSTEM
Elementary Level
2018 – 2019**

FOREWORD

It is the purpose of the Gainesville City School System (GCSS) to operate each school in a manner that will provide an orderly process of education that ensures the welfare and safety of all students who attend the schools within the district. In accordance with that purpose, the Board of Education has adopted a policy that requires all schools to provide codes of conduct. These require students to conduct themselves at all times in a manner that facilitates an optimum learning environment for themselves and others.

GCSS has adopted this Code to support the creation of a safe learning environment for all members of the school community. The purpose of this Code is to state clearly our standards for acceptable conduct of students. The Code also explains the consequences for not meeting these standards of conduct. This Code establishes a strict policy for conduct that endangers the safety of the schools and/or disrupts the educational experience for other students. GCSS does not permit corporal punishment.

The Code also sets forth the discipline procedures for the students who have committed violations of the Code. This Code is not meant to be a contract between the District and the students, and may be amended at any time. It is a place for GCSS to explain certain policies applicable to students.

We expect students to:

- Respect each other
- Respect school district employees
- Obey student behavior policies adopted by the Board of Education
- Obey rules established by individual schools

The school's primary goal is to educate, not to punish; however, when the behavior of an individual student comes in conflict with the rights of others, corrective actions may be necessary for the benefit of that individual and the school as a whole. Accordingly, students shall be governed by policies, regulations and rules set forth in this Code of Conduct.

The Code of Conduct is effective during the following times and in the following places:

- At bus stop
- At school or on school property at any time
- Off school property at any school activity, function or event and while traveling to and from such events
- On vehicles provided for student transportation by the school system

In addition, students may be disciplined for felonious conduct off campus, which may pose a threat to the school's learning environment or the safety of students and employees.

Parents/guardians are encouraged to become familiar with the Code of Conduct and to be supportive of it in their daily communication with their children and others in the community. We ask your cooperation in sharing this responsibility for maintaining a proper learning environment.

AUTHORITY OF THE PRINCIPAL

The principal is the designated leader of the school and, in concert with the staff, is responsible for the orderly operation of the school. In cases of disruptive, disorderly or dangerous conduct not covered in this Code, the principal may undertake corrective measures, which he or she believes to be in the best interest of the student, and the school provided any such action does not violate school board policy or procedures.

Students Should:

Participate fully in the learning process. Students need to report to school and class on time, attend all regularly scheduled classes, remain in class until excused or dismissed, pay attention to instruction, complete assignments to the best of their ability, and ask for help when needed.

Avoid behavior that impairs their own or other students' educational achievement. Students should know and avoid the behaviors prohibited by this code, take care of books and other instructional materials, and cooperate with others.

Show respect for the knowledge and authority of teachers, administrators, and other school employees. Students must obey reasonable directions, use acceptable and courteous language, avoid being rude and follow school rules and procedures.

Recognize and respect the rights of other students and adults. All students should show concern for and encouragement of educational achievements and participation of others in curricular and extra-curricular activities.

Disciplinary action for violations of expected behaviors will include appropriate hearings and reviews. In all cases, the rights of individuals will be ensured and protected. The Gainesville City School System will make every reasonable effort to administer the discipline code consistently in all schools. When applicable, individualized plans (i.e. IEP, 504, and SST) will be reviewed for appropriate consequences.

ATTENDANCE REQUIREMENTS – POLICY JBD

The Gainesville City Board of Education subscribes to a policy of good attendance and punctuality as essential to the academic performance for all students. It is the policy of the Gainesville City School Board to encourage students to attend school regularly and participate in all class activities physically or virtually on a daily basis.

The Gainesville City School Board believes that students should arrive at school on time and be in class on time each day. In order to foster regular attendance, the Gainesville City School System shall comply with all requirements of state law, State Board of Education rule, and the Student Attendance Protocol developed by Gainesville City Schools’ Student Attendance Protocol Committee. The Board strongly believes that every day at school is important and that no student should be absent except for extraordinary reasons and encourages students and their parents to assume responsibility for being punctual and regular in attendance.

The Gainesville City School Systems attendance requirements are as follows:

- The parents/guardians/other persons having charge of any child between the child’s sixth and sixteenth birthdays are subject to “compulsory attendance”. That is, they are required by law to enroll and send such child to a public or private school or utilize a home study program. Students assigned to alternative schools are subject to this requirement as well.
- All K-12 children enrolled for 20 school days or more in a public school of this state prior to their seventh birthday become subject to compulsory attendance.

Georgia law, O.C.G.A. § 20-2-690.1, states that a person who fails to send a child to school may be charged with a misdemeanor. For each violation of the statute, a court may subject this person to a fine not less than \$25.00 and not greater than \$100.00, imprisonment not to exceed thirty (30) days, community service, or any combination of such penalties. Each day's absence after the school notifies the person of five unexcused days of absence shall be considered a separate offense of the statute.

For the purposes of this Policy, a child between his/her sixth and sixteenth birthdays shall be considered truant if the child has more than five days of unexcused absences in a school year. A truant student with more than ten days of unexcused absences within a school year may identified as a child in need of services in accordance with O.C.G.A. § 15-11- 380.

It is the policy of the Board to excuse students from school for the following reasons: Written justification for any absence must be submitted by the student.

AWARDING UNITS/TRANSFERRING CREDIT – POLICY JBC-4

Elementary and middle school students transferring from home study programs, non-accredited schools or non-traditional educational centers will be placed at the appropriate grade level in a probationary placement for one 9-week grading period. Student placement may also be based on satisfactory performance on standardized or locally developed tests focusing on grade level or subject area.

- Local tests, including SLOs and pre/posttests, may be utilized in order to provide additional information concerning student placement.
- Upon examination of test results and classroom performance, the final placement decision rests with the Principal and/or placement committee.

BUS CONDUCT

Transportation service for students is a privilege, not a right. Students will be allowed to ride Gainesville City School's buses as long as they remain a student in good standing for that purpose. A student in good standing is one who follows the rules. Students are responsible for maintaining good behavior while riding the school bus. Parents should remind their children to follow all the rules listed below and to be a person of responsible character while riding to and from school, on field trips, or any other school-sponsored trip. The school bus is considered school property; therefore, all rules that apply to school building also apply to school buses.

1. Students are to be at their designated stop in the morning at least five minutes before the bus is to arrive.
2. Students are expected to get off at their designated stop unless they have a note from a parent or legal Guardian stating that they have permission to exit at a different stop.
3. Parents must send a note to the school or call the school by 1:00 PM to make changes in afternoon bus transportation for their child.

4. BUS BOARDING PASSES – Students must have a bus boarding pass that is completed by the school in order to ride a bus other than their normal bus. Students must hand the bus boarding pass to the bus driver in order to ride a bus that is not their normal bus.
5. Students shall be permitted to use electronic devices during the operation of a school bus, including but not limited to cellular phones, MP3 players, and iPods, provided that the safety of staff members and other bus riders is not jeopardized.
6. No excessive noise or rowdy behavior is permissible on the bus. Only normal conversation is allowed except when at railroad crossing, red lights, and stop signs. At these times there shall be no talking.
7. A student shall immediately take his/her seat upon entering the bus and remain seated in that seat until the bus stops and it is time to get off.
8. Head, hands and feet shall be kept inside the bus at all times.
9. Throwing any article inside the bus or at the bus is strictly prohibited.
10. No fighting is allowed on the bus.
11. Students must wait for the bus in an orderly manner a safe distance off the roadway. The bus shall come to a complete stop before students move toward the bus. Students must not rush or walk between buses when loading or unloading.

13. Eating or drinking on the bus will not be allowed.
14. Student will not use profane or foul language at any time.

16. Students will not open the emergency door except for emergencies when instructed by the bus driver to do so.
17. Students who must cross the road after being discharged from the school bus must cross in front of the stopped school bus.
18. Students are strictly prohibited from acting or talking disrespectfully in any way to the bus driver.
19. Misconduct on buses near the end of the school year that cannot be dealt with during the remainder of the school year will carry over the beginning of the school year.
20. For the safety and protection of riders and drivers, buses may be equipped with video cameras and audio capabilities. These tapes may be used for identifying behavioral problems. These tapes are held for one school day only and then are taped over. Videotapes will be reviewed only by district staff.

Because safety on the school bus affects many other students, the administration reserves the right to invoke a penalty more severe than listed for the offense. This may include behaviors that threaten the safety of anyone else in the bus. Violations of the School Bus Rider's Rules will be dealt with as follows **for grades PK-12:**

First Offense- The student is reported to the principal by the bus driver. The principal talks with the student and sends written communication to the parent/legal guardian to be signed and returned to the principal. A copy of this communication is sent to the bus driver.

Second Offense-The principal again talks with student and sends written communication to the parent/legal guardian. The communication in part will warn the parent/legal guardian that another offense will deny the student of bus riding privileges from one to ten days (depending upon the nature of the offense). The communication is to be signed by the parent/legal guardian and returned to the principal. A copy is sent to the bus driver.

Third Offense- The parent/legal guardian is notified in writing that the bus riding privileges are suspended (from one day to ten days). The communication is to be signed by the parent/legal guardian and returned to the principal. A copy is sent to the bus driver.

ADDITIONAL GUIDELINES

Parents/guardians are responsible for providing transportation for students suspended from riding the bus.

- Bus drivers are in complete charge at all times and are authorized to assign seats.

- Any action or disturbance that endangers the well-being of any student will be handled in accordance with the student discipline section of this handbook.
- It shall be unlawful for any person to knowingly, intentionally, or recklessly disrupt or interfere with the operation of any public school, public school bus, or public school bus stop as designated by local school boards of education. CHRONIC DISCIPLINARY STUDENT ACT (O.C.G.A. 20-2-764)

A chronic disciplinary problem student is a student who exhibits a pattern of behavioral characteristics which interfere with the learning process of students around him or her and which are likely to recur. Georgia law mandates that any time a teacher or principal identifies a student as a chronic disciplinary problem student, the principal shall notify by telephone call and by mail the student's parent/guardian of the disciplinary problem, invite the parent/guardian to observe the student in a classroom situation, and request at least one parent/guardian to attend a conference to devise a disciplinary and behavioral correction plan. Georgia law also states that before any chronic disciplinary problem student is permitted to return to school from a suspension or expulsion, the school shall request by telephone call and by mail, at least one parent/guardian to schedule and attend a conference to devise a disciplinary and behavioral correction plan. The law allows a local board of education to petition the juvenile court

to require a parent/guardian to attend a school conference. If the court finds that the parent /guardian has willfully and unreasonably failed to attend a conference requested by the principal pursuant to the laws cited above, the court may order the parent/guardian to participate in such programs or such treatment as the court deems appropriate to improve the student’s behavior, or both. After notice and opportunity for hearing, the court may impose a fine, not to exceed \$500.00, on a parent/guardian who willfully disobeys an order of the court under this law.

CLUBS AND ORGANIZATIONS FOR STUDENTS

DISCIPLINE PROCEDURES (PROGRESSIVE DISCIPLINE) –POLICY JCDA

It is the policy of the Gainesville City Board of Education that each school within this school district shall develop and implement age-appropriate student codes of conduct designed to improve the student learning environment and which will comply with state law and State Board of Education Rule 160-4-8-.15. Each code of conduct shall include the following:

1. Standards for student behavior designed to create the expectation that students will behave themselves in such a way so as to facilitate a learning environment for themselves and other students. The standards should be designed also to encourage students to respect each other and school district employees, to motivate students to obey student behavior policies adopted by this board and to obey student behavior rules established at each school within this school district
2. Student support processes designed to consider, as appropriate in light of the severity of the behavioral problem, support services available at each school, the school system and other public entities or community organizations which may assist students to address behavioral problems;
3. Progressive discipline processes designed to create the expectation that the degree of discipline imposed by each school will be in proportion to the severity of the behavior of a particular student, the previous discipline history of the student and other relevant factors, while ensuring that each student receives the due process mandated by federal and state law;
4. Parental involvement processes designed to enable parents, guardians, teachers and school administrators to work together to improve and enhance student behavior and academic performance. The process should enable parents, guardians and school employees to communicate freely their concerns about student behaviors which detract from the learning environment.
5. All other specific requirements as set forth in any existing State Board of Education Rule or in Georgia law.

Each school shall involve parents in developing and updating student codes of conduct. Each code shall require disciplinary action for each infraction of the code. All student codes of conduct shall be submitted to the board for approval.

The student code of conduct shall be distributed to each student and the student's parents or guardians during the first week of school and upon enrollment of each new student. The parents shall be requested to sign an acknowledgment of the receipt of the code of conduct and return promptly the acknowledgment to the school. The student code of conduct shall be available in the school office and each classroom.

It is the policy of the Board of Education that the superintendent shall fully support the authority of principals and teachers to remove a student from the classroom pursuant to Georgia law as cited in Section 20-2-738 and Section 20-2-751.5(d).

A teacher shall have the authority, consistent with board policy, to manage his or her classroom, discipline students, and refer a student to the principal or his designee to maintain discipline in the classroom. Any teacher who has knowledge that a student has exhibited behavior which violates the student code of conduct and repeatedly or substantially interferes with the teachers ability to communicate effectively with the students in his/her class or with the ability of such students classmates to learn shall file a report of such behavior with the principal or his designee. The principal and teacher shall thereafter follow the procedures set forth in Georgia law, specifically O.C.G.A. § 20-2-737-738.

The Superintendent and/or his designee shall develop procedures as necessary for implementation of this policy and this state law.

Major offenses including, but not limited to, drug and weapon offenses can lead to schools being named as an Unsafe School according to the provisions of State Board of Education Rule 160-4-8-.16 Unsafe School Choice Option.

Parents and police will be notified in every instance where the law is violated.

PBIS and the Student Code of Conduct

Gainesville City School System utilizes a **progressive discipline** approach when dealing with student behaviors. The Positive Behavioral Intervention Support (PBIS) framework is implemented at all Gainesville City school buildings. Positive Behavioral Interventions and Supports (PBIS) is an evidence-based framework that helps schools design effective environments and supports that, when implemented with fidelity, increase teaching and learning opportunities for all students.

A student code of conduct is intended to teach students that there are consequences for violating behavior norms while under the supervision of educators. A student code of conduct, among other things, publishes a list of unacceptable student behaviors that interfere with the learning environment and the successful operation of the school day. A corresponding and progressive list of possible consequences is defined within a student code of conduct with the intent to promote a safe learning environment.

Major offenses including, but not limited to, drug and weapon offenses can lead to schools being named as an Unsafe School according to the provisions of State Board of Education Rule 160-4-8-.16 Unsafe School Choice Option.

Parents and police will be notified in every instance where the law is violated.

Minor acts of misconduct are those that interfere with orderly school procedures, school functions, extracurricular programs, approved transportation, or the student's learning process. Students may be disciplined by the professional staff member involved or may be referred directly to the administration.

Penalties for minor acts of misconduct include, but are not limited to, the following:

- Warning
- Conference with student
- Alternative seating
- Loss of recess or other free-choice activity
- Time out in classroom
- Time out in another classroom
- Isolation during lunch
- Conference with parent/guardian, teacher and/or administrator
- Practice of desired behavior
- Development of an action plan or contract
- Time out in the administrator's office
- One day in-school suspension (ISS)
- Participation in the cleaning/repair of any damage caused to the school-related environment
- Detention
- Any other disciplinary technique that positively promotes the student Code of Conduct and desired character trait(s)

Intermediate acts of misconduct require administrative intervention. DRESS CODE FOR STUDENTS

We, the Gainesville City District family, aim high to create a warm and inviting environment. We want every reflection of our brand to be consistent with our tradition of excellence. As a member of this family, your appearance is a reflection of the GCSS brand and how we show up collectively is important to our community. At the same time, we want to build a district where individuality, empowerment, and inclusion are nurtured. With this balance in mind, we have updated our dress code. The dress code needs may vary at the elementary, middle, and high school levels. For that reason, please check your school's handbook for school-specific standards.

Our dress code is generally based on what we like to think of as "school appropriate." All clothing must fit modestly and provide appropriate coverage and length. Shoes should be safe for the school environment. Care must be taken to avoid distractions caused by tattoos, piercings, and unnatural hair colors and styles.

For further clarity it is helpful to provide examples on a "we don't wear list." On this list are examples of the things we don't wear.

We Don't Wear...

- pajama attire, sleepwear, or bedroom footwear.
- spaghetti straps, backless, strapless, or tank tops.
- clothing that allows the exposure of our midriff or waist.
- hats, caps, or hoods inside.
- clothing in a way that reveals underwear.
- clothing that fits immodestly.
- clothing that causes distractions to our mission (examples: clothing with inappropriate language, pictures or symbols; clothing depicting gangs, drugs, alcohol, or tobacco; clothing that advocates/promote violence).
- Overcoat and headgear (must be removed upon entering the building)
- Students should wear tennis shoes on Creative Movement and PE days. Girls should wear shorts underneath dresses and skirts on creative movement and PE days.
- Friday is Spirit Day at Enota! All students are encouraged to wear an Enota, GHS, or red shirt to show school spirit.

While on Board property, students are not permitted to use their own personal Wi-Fi, data plans or other types of Internet access provided by Internet service providers/carriers that is not provided by the Board of Education. All Internet access will be filtered.

No student shall photograph, videotape, record, or reproduce, via any audio or video means, another student or staff member on Board property without the expressed prior permission of a teacher or administrator. Students shall not disrupt instruction with ringtones, music, or sound effects.

No student shall have a personal electronic device in their possession during district-wide assessments or state testing. Personal devices must be turned off completely (not simply on silent or vibrate mode) and turned into a teacher or testing proctor.

Electronic resources provided by the district may be limited. When demand for these resources exceeds available capacity, priorities for their use will be established and enforced. Authorized staff members may set and change the priorities for these resources. The highest priority for use district electronic resources will include uses that support the educational and business mission of the school system, purchased services, and online testing.

6. This policy is not intended to deprive any student or parent of any right they may have to file a grievance pursuant to any other policy of the local Board of Education, or to contact the Office of Civil Rights or other appropriate state or federal agency with regard to any allegations that the School District has violated the statutes described above. The school system shall be responsible for distributing and disseminating information relevant to this policy and procedure to students, applicants for employment and employees through appropriate procedures.
7. No reprisal shall occur as a result of reporting unlawful discrimination or harassment under this policy, and any attempt to retaliate against a complainant shall be disciplined as is appropriate.
8. The confidentiality of any individual making a complaint or report in accordance with this policy, to the extent it is reasonably possible, shall be protected, although the discovery of the truth and the elimination of unlawful harassment shall be the overriding consideration.

GRADING

Elementary schools utilize Standards Based grading. The following scale is in effect:

1 – Needs Support 2 – Progressing 3 – On Track 4 – Goes Beyond

Our purpose for grading is to collect information about students' strengths and weaknesses so that we can identify student learning needs and adjust our teaching strategies. We also want to be able to communicate with parents concerning what students have learned. We will use assessments during the year to create a balanced picture of a student's progress. Our grading is guided by the following principles:

- Teachers will check for student understanding frequently and in various ways to guide teaching.
- Teachers will offer timely feedback for student work that identifies the next steps for improvement.
- Teachers will focus on giving clear expectations for all assignments. They will often provide guides and examples of excellent work to help students understand expectations.

Report cards are sent home at the end of each 9-week grading period. Progress reports are sent home half-way through each of the 9-week grading periods. This provides for a written report being sent home to parents about every 4 ½ weeks. Parents should sign the report cards and the progress reports and return them back to the teachers.

Check your child's daily planner/agenda and homework folder to stay informed of all homework, notes, and special events. You may also use the planner as a means of communication with the teacher by inserting notes or writing any comment. The teacher will communicate with parents if a child is not performing on grade level.

HARASSMENT – POLICY JCAC

It is the policy of the Board of Education to prohibit any act of harassment of students by other students or employees based upon race, color, national origin, sex, or disability at all times and during all occasions while at school, in the workplace or at any school event or activity. Any such act by a student or employee shall result in prompt and appropriate discipline, including the possible termination of employment or suspension or expulsion of the student. Sexual harassment may include conduct or speech which entails unwelcome sexual advances, requests for sexual favors, taunts, threats, comments of a vulgar or demeaning nature, demands or physical contact which creates a hostile environment. There may be other speech or conduct which employees or students experience as inappropriate or illegal harassment which should also be reported; harassment can take many forms and it is not possible to itemize every aspect of the harassment forbidden by this policy.

Any student, parent, employee, or other individual believes that a student has been subjected to harassment or discrimination by other students or employees of the School District as prohibited by this policy should promptly report the same directly to a principal of their school or to the appropriate coordinator designated in policy JAA, who will implement the board's discriminatory complaints procedures as specified in that policy. Students may also report harassment or discrimination to their school counselor or any administrator. Students and employees will not be subjected to retaliation for reporting such harassment or discrimination. If at any point in the investigation of reported sexual harassment of a student, the coordinator or designee determines that the reported harassment of a student should more properly be termed abuse, the reported incident or situation shall be referred pursuant to the established protocol for child abuse investigation.

It is the duty of all employees to promptly report harassment forbidden by this policy. All supervisors will instruct their subordinates as to the content of this policy and, through appropriate professional learning activities, enlighten employees as to the varied forms or expression of prohibited harassment. The principals of all schools shall ensure that students and parents are informed through student handbooks and verbally that such harassment is strictly forbidden, how it is to be reported and the consequences for violating this policy.

HOSPITAL/HOMEBOUND SERVICES Rule 160-4-2-.31

Hospital/Homebound (HHB) services are designed to provide continuity of educational services between the classroom and home or hospital for students in Georgia public schools whose medical needs, either physical or psychiatric, do not allow them to attend school for a limited period of time. HHB instruction may be used to supplement the classroom program for students with health impairments whose conditions may interfere with

regular school attendance (e.g., students receiving dialysis or radiation/chemotherapy or students with other serious health conditions). Students must be enrolled in a public school in Georgia in order to receive HHB services.

HHB services are not intended to supplant regular school services and are by design temporary. The student must anticipate being absent from school for a minimum of ten consecutive or intermittent school days due to a medical or psychiatric condition. The student's inability to attend school for medical or psychiatric reasons must be certified by the licensed physician or licensed psychiatrist who is currently treating the student for the diagnosis presented.

Please contact the school counselor to receive further information regarding a student who qualifies for this service.

INTERNET ACCEPTABLE USE POLICY IFBG

The Gainesville City School System is pleased to provide our students with electronic resources for the purpose of supporting the school system and its educational mission. To gain access to the Internet, all students under the age of 18 must obtain parental permission by signing and returning an Acceptable Use form to the school. The policy establishes the boundaries of "acceptable use" of these limited electronic resources, including computers, networks, email and other electronic information and services. Authorized users of these electronic resources assume personal responsibility for their appropriate use and agree to comply with this policy, other related school policies, and state and federal laws and regulations. The Policy on Acceptable Use of Electronic Resources applies to all users of the school system's network or equipment.

Teacher Web Pages and Internet Resources

The Gainesville City School System supports and provides training to teachers on creating classroom websites for expanding the learning environment for their students.

When using the Internet for class activities, teachers will:

- Select material that is appropriate in light of the age of the students and that is relevant to the course objectives.
- Preview the materials and sites they require students to access in order to determine the appropriateness of the material contained on or accessed through the site.
- Provide guidelines and lists of resources to assist their students in channeling their research activities effectively and properly.
- Assist their students in developing the skills to ascertain the truthfulness of information, distinguish fact from opinion, and engage in discussions about controversial issues while demonstrating tolerance and respect for those who hold divergent views.

INTERPRETERS FOR TRANSLATIONS

Interpreters are available for Spanish speaking parents. Additionally, all communication from school is sent in English and Spanish.

PROMOTION AND RETENTION – POLICY IHE

The Gainesville City Board of Education endorses the concept that a student's success in school depends to a great extent upon the cooperation between home and school. The Board believes its primary function is to provide students a quality educational opportunity. It is the responsibility of the school, home, community and the individual learner to take full advantage of that educational opportunity. Although the Gainesville City Board of Education strongly believes that students should continue to advance to the next grade level annually, promotion is based primarily on student achievement and is not an automatic process. It is recognized that under certain circumstances retention or placement may be required for some students.

1. Definitions consistent with those contained in State Board Rule 160-4-2.11 Promotion, Placement and Retention.
2. Students shall be tested in accordance with requirements specified in State Board Rule 160-3-1-.07 Testing Programs-Student Assessment.

Asbestos Management Plan During the spring of 1997 an asbestos inspection of Gainesville City Schools took place through the combined efforts of Pioneer RESA and the Gainesville City School System. Based on this inspection, a management plan was written and submitted to the State Department of Education. This plan will be available for public inspection at the superintendent's office. It contains the following:

- 1) *Location, amounts and types of asbestos contained materials in all schools and support buildings;*
- 2) *Response actions to the asbestos contained materials selected by the City School System;*
- 3) *Plans for re-inspection, periodic surveillance and operation and maintenance programs; and*
- 4) *Public notification procedures. Anyone interested in reviewing this plan, please contact the Gainesville City School Superintendent's office at 770-536-5272.*

Disruption of Public Schools (O.C.G.A. 20-2-1181) It shall be unlawful for any person to knowingly, intentionally, or recklessly disrupt or interfere with the operation of any public school, public school bus, or public school bus stop as designated by local school boards of education. Any person violating this Code section shall be guilty of a misdemeanor of a high and aggravated nature.

EMERGENCY CLOSINGS - In the event of inclement weather that would prevent the safe transportation of students to the schools or any other emergency situation that would affect the safety or well-being of students, or otherwise make it impractical or impossible for the normal operation of school, the superintendent, in collaboration with the board of education, will close the schools until said emergency condition no longer exists.

In the case of sudden change of weather conditions, the safety of students shall be the number one priority. Decisions concerning the early or late dismissal of students will be determined by the severity of the weather conditions and surrounding circumstances. If it is determined that students will be dismissed other than at the regular time of dismissal, all efforts will be made to contact the local media. The school system requests parents stay tuned to local radio and television stations, phone communication from the school/district, and electronic communication via the GCSS webpage and Have You Heard Newsletter during inclement weather.

Emergency Preparedness Plan/Emergency Drills The Georgia Emergency Management Agency reviews and approves the school system's comprehensive School Safety Plan and each school's Emergency Preparedness Plan. These plans are coordinated with county, state, and federal emergency plans.

Fire/evacuation drills will be held on a monthly basis. In addition, drills for severe weather, lockdown of the school, and bus evacuation will be held at least once each year. Parents/guardians should remind their children that during emergency drill students must respond quietly and quickly and must follow the direction given by their teachers and administrators.

Failure to Leave Campus (O.C.G.A. 16-22-35) Any person who fails to leave the premises when requested to leave any school property and/or returns to any school property after instructed by school staff or law enforcement to leave the property, they are considered trespassing and faces criminal prosecution of a misdemeanor of a high and aggravated nature.

Loitering on School Property (O.C.G.A. 20-2-1180) It is unlawful for any person to remain within the school safety zone when that person does not have a legitimate cause or need to be present thereon. Students are not allowed to enter the premises of a school other than his/her school unless prior permission is received from an administrator of the school to be visited or unless the school is hosting a school-related function, such as an academic or athletic activity. A student may not enter or remain in any school building on weekends or after school hours without authorization or permission.

School Resource Officer (SRO) The Gainesville City Board of Education and Gainesville Police Department employ school resource officers jointly. Their main purpose is to assist in providing a safe and secure learning environment for students, teachers and staff. They are an excellent resource for teachers, parents/guardians and students in dealing with individual problems or questions with respect to delinquency prevention and the law. Consistent with board policy and legal requirements, school resource officers also provide law enforcement support when needed.

SEARCH OF A STUDENT BY AUTHORITIES

School officials may search a student if there is reasonable suspicion that the student is in possession of an item that is illegal or against school rules. Student book-bags, school lockers, desks, and any other school property, are subject to inspection and search by school authorities at any time without further notice to students or parents. Students are required to cooperate if asked to open book-bags or lockers. Metal detectors and drug or weapon sniffing dogs may be utilized at school or at any school function, including activities that occur outside of school hours or off the school campus, at the discretion of administrators.

SECTION 504

Any student or parent or guardian (“grievant”) may request an impartial hearing due to the school system’s actions or inactions regarding your child’s identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to the school system’s Section 504 Coordinator; however, a grievant’s failure to request a hearing in writing does not alleviate the school system’s obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the school system’s Section 504 Coordinator.

The school system’s Section 504 Coordinator will assist the grievant in completing the written Request for Hearing. The Section 504 Coordinator may be contacted through the school system’s central office located at 508 Oak Street. Copies of the 504 Procedural Safeguards and Notice of Rights of Students and Parents Under Section 504 may be found at the system website or may be picked up at the central office or at any of the school offices.

The District complies with state requirements related to restraint and seclusion as set out in Georgia SBOE Rule 160-5-1-.35. Consistent with that rule, physical restraint will be used only in situations in which the student is in immediate danger to himself/herself or others and the student is not responsive to verbal directives or other less intensive de-escalation techniques. A parent or guardian will be notified in writing each time their student has been restrained. The District maintains written policies and procedures governing the use of restraint.

STUDENT HEALTH SERVICES INFORMATION - POLICY JGC

STUDENT RECORDS – POLICY JR

It is the policy of Gainesville City Schools that all employees shall comply with the requirements of the Family Educational Rights and Privacy Act (FERPA) and the Pupil Protection Rights Amendment (PPRA). The Superintendent shall implement procedures whereby every principal is directed to develop a means to notify, on an

annual basis, students and parents, including non-English-speaking parents, of their rights under the FERPA and the PPRA, either by letter or through a student handbook distributed to each student in the school.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA) AND PROTECTION OF PUPIL RIGHTS AMENDMENT (PPRA) NOTICE TO PARENTS/GUARDIANS AND ELIGIBLE STUDENTS -

FERPA affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. These rights are:

(1) The right to inspect and review, within 45 days of a request, the education records of a student who is your child, or in the case of a student who is eighteen (18) or older, your own education records. Parents or eligible students should submit to the Superintendent a written request identifying the record(s) they wish to inspect. The Superintendent or designee will make arrangements for access and provide notice of such arrangements.

(2) The right to request the amendment of the student's education records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights. To request the school district to amend a record, parents or eligible students should write the school principal, specify the part of the record they want changed, and specify why it is inaccurate, misleading, or otherwise in violation of the student’s privacy or other rights. If the district decides not to amend the record, it will notify the parents or eligible students of the decision and inform them of their right to a hearing. Additional information regarding the hearing procedure will be provided with the notification of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information (PII) from the student's education records, except to the extent that FERPA and its implementing regulations authorize disclosure without consent. One exception that permits disclosure without consent is to school officials with legitimate educational interest. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including school nurses and school resource officers); a member of the Board of Education acting as a collective group; a person or company with whom the district has contracted to perform a specific task (such as attorney, auditor, medical consultant, therapist, or online educational services provider); a contractor, consultant, volunteer, or other party to whom the school district has outsourced services, such as electronic data storage; or a parent or student serving on an official committee (such as a disciplinary or grievance committee) or assisting another school official in performing his/her tasks. The District allows school officials to access only student records in which they have a legitimate educational interest. School officials remain under the district’s control with regard to the use and maintenance of PII, which may be used only for the purpose for which disclosure was made, and cannot be released to other parties without authorization.

A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his/her professional responsibility.

Upon request, the district discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student’s enrollment or transfer.

(4) FERPA requires the school district, with certain exceptions, to obtain written consent prior to the disclosure of personally identifiable information from the student’s education records. However, the district may disclose appropriate designated “directory information” without written consent, unless the parent or eligible student has advised the district to the contrary in accordance with district procedures. The primary purpose of directory information is to allow the school to include this type of information from the student’s education records in certain school publications, such as the annual yearbook, graduation or sports activity programs, and honor roll or other recognition lists.

The School District has designated the following information as directory information:

- (a) Student’s name
- (b) Student’s participation in official school activities and sports;

- (c) Weight and height of members of an athletic team;
- (d) Dates of attendance at schools within the district;
- (e) Honors and awards received during the time enrolled in district schools
- (f) Photograph; and
- (g) Grade level.

Unless you, as a parent/guardian or eligible student, request otherwise, this information may be disclosed to the public upon request. In addition, two federal laws require school systems receiving federal financial assistance to provide military recruiters, upon request, with students' names, addresses, and telephone numbers unless parents have advised the school system that they do not want their student's information disclosed without their prior written consent. You have the right to refuse to allow all or any part of the above information to be designated as directory information and to refuse to allow it to be disclosed to the public upon request without your prior written consent. If you wish to exercise this right, you must notify the principal of the school at which the student is enrolled in writing within 5 days after officially enrolling in school or within 5 days of the date of the release of this notice.

(5) You are also notified that from time to time students may be photographed, video -taped, or interviewed by the news media at school or some school activity or event; unless you, as a parent/guardian object in writing to the principal to your student being photographed, video- taped or interviewed. You must notify the principal of your objection by the date specified above. The principal will take reasonable steps to control the media's access to students. However, your submission of a written objection does not constitute a guarantee that your student will not be interviewed in circumstances which are not within the knowledge or control of the principal.

(6) You have the right to file with the United States Department of Education a complaint concerning alleged failures by the school district to comply with the requirements of FERPA or the regulations promulgated there under. The name and address of the Office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202.

For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys and be provided an opportunity to opt their child out of such activities and surveys.

The Board of Education has developed and adopted policies, in conjunction with parents, regarding these rights as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The district will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. The district will also directly notify parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey.

Option 1: The school is required by federal law to give this notice to parents. However, the school does not have any scheduled such activities as are described above. If any such activities are initiated during the school year, parents will be notified accordingly and will be afforded all the rights described herein.

Parents who believe their rights have been violated may file a complaint with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202.
